Ovel coin

INTRODUCTION

How = The secret to avoiding stagnation, is to create brands that are flexible and can work in several different markets with many different lines of business, for example: travel, services etc and much more. OvelCoin are the major programs which support .

CONSUMER
Young minds, adventurers, new experience. next Generation is an increasing target market for online Group.

GAP
The users decision made for them. We revolutionized this concept so that the choice was up to our system. It is faster, easier, secure and much more dynamic.

OPPORTUNITY
Create an identity: the launch of ovelcoin is a great opportunity to represent what our goals are, what we want to achieve and what we can offer our users in terms of value. The more we establish the brand as a positive presence in the industry, the more chances we'll have to build brand identity and customer loyalty .

INNOVATION
In the next three years, our company aims to become an innovation hub. All resources will be dedicated to: fresh ideas, new business lines, startups, creating different interconnected products, websites and applications in order to maximise our profits while also reducing costs. All of our chosen projects will be handled within the same group, with a unified vision. The target is to become a multi-brand company called the Ovel Group, while at the same time implementing OvelCoin and watching it become the standard currency.

RISK

Risk Factors :

This White paper is designed to help better understand the potential risks, costs, and benefits of this business project, but it is not intended and is not to be considered in itself or any part of it, as an investment offer or solicitation, as regulated by law. It was developed for sample purposes, and any resemblance to real situations, people, or data would be purely coincidental.

By acquiring, holding and using ovelcoin, the Participant expressly acknowledges and assumes the following risks:

- The acquisition of Ovelcoin from the Company is only suitable for financially sophisticated persons who are capable of evaluating the merits and risks of such an acquisition, or other persons who have been professionally advised with regard to token acquisition and who have sufficient financial resources to be able to bear any losses that may arise therefrom (which may be equal to the whole amount spent in connection with the token acquisition). Such an acquisition should not be seen as an investment or a financial asset.
- A Wallet is necessary to acquire, hold and dispose of OvelCoin. The Participant hereby understands that he is responsible for setting up the Wallet with a third- party provider to hold OvelCoin and he is responsible for implementing reasonable measures for securing the Wallet.
- Any errors or malfunctions caused by or otherwise related to the Wallet that the Participant chooses to receive and hold OvelCoin including the Participant's own failure to properly maintain or use such wallet or caused as a result of the choice of third party provider for the Wallet, may also result in the loss of OvelCoin
- Additionally, the Participant's failure to follow precisely the procedures set forth in the Terms for acquiring and receiving OvelCoin including but not limited to, the provision of the wrong Wallet address for receiving OvelCoin may also result in the loss of his OvelCoin.
